PIT BIKE OFF ROAD : MTR xz2 125cc low cost!!

MTR xz2 125cc low cost!!

In MTR XZ2 present the model in its classic version 125cc.

In this model as demanded by all ages have a 125cc engine 4-stroke power 12cv, an economical and excellent performance bike, put a stop on the road, got a nice bike and well, do not give problems mechanical, just go out and enjoy it and jump.

The XZ2 mounted wheels 14 "front and 12" rear, CRF50 chassis, which makes us get a seat height 75ctmos down, always controlled for the kids being able to go down to the 70ctmos.

Also, there is a possibility whenever we want to change the tires for 17/14, which will make our bike grows when so desire.

The decor as mandated in MTR brand is pretty impresinante, calls attention its colorful blue yamaha, its stars and the color white and red chassis subframe habias never seen a pit bike too pampered and finished it?

This pit bike, fitted with large brakes which will not have problems with hard braking.

In short, a pit bike built for all public and all bolsills with the best prices.

Remember that we give MTR official warranty 12 months !! so no one gives in these bikes, because we do have all the parts you need to supply you.
