KIDS PIT BIKES : MTR minicross XZR BLUE

MTR minicross XZR BLUE

The new MTR minicross xzr is ideal for all children from 4 years old.

We have strengthened those problems that we knew that the competition gave them headaches, inverted fork, rear shock suitable for children of low weight, much more resistant shooter, improved carburetor prevents leakage of gasoline, better tires. A motorcycle manufactured conscientiously and that will make you can only enjoy seeing your little ride it. It includes man overboard, chain guard and others as security.
