Brakes performance OVERMAD : Radial bracket OVERMAD

Radial bracket OVERMAD

OVERMAD, VOCA or STAGE6 radial clamp coupling of pit bikes. Adaptable to adjustable forks marzocchi.

The kit includes several washers to separate the clamp that may be necessary for mounting on some brands of pit bikes.

Also includes some supplements for the clamp to be able to use in the 220mm origin discs.

It includes M8 screws for more safety than the original M6, you just have to thread the M8 in your forks to ensure your own safety in extreme braking.
