PIT BIKE OFF ROAD : MTR XZF 250R off road

MTR XZF 250R off road

MTR XZF 250CC WATER COOLED !!

How could it be otherwise, at MTR we are expanding our range of models more and more and now we offer you an authentic 250cc 2-stroke water-cooled dirt bike with 36cv of power!! This is an authentic machine to enjoy cross country at an incredible price, with this spectacular 250cc MTR XZF model with a very light and resistant high-alloy monobeam chassis, anodized aluminum rims with KTM-style CNC hub, cnc crown, discs high quality....

This incredible motorcycle has a powerful 250cc water-cooled MT engine, a replica of the Honda that gives us 36hp and 6 speeds with kick start and electric!!, it mounts a MIKUNI 40mm carburetor, with which we will have fun like authentic professionals any type of terrain.

It is not necessary to mention its finishes and finishes that make it look even more like an authentic Japanese motorcycle.

This model mounts high quality adjustable inverted forks of 940mmx54mm in diameter. Its fully adjustable 490mm rear shock with an external compression bottle is ideal for long routes through the countryside or taking big jumps without worrying about anything other than feeling free.

In addition, it mounts high quality front and rear made in Japan brakes, anti-slip seat, renthal 7075 replica handlebar, rubber grips, chrome exhaust, floating front disc, high quality stickers, asv copy adjustable levers...

As you can see, a very complete motorcycle no matter where you look at it. This is a dirt bike without market competitions!!
