KIDS PIT BIKES : MTR CROSSFIRE 49cc NEW MODEL

MTR CROSSFIRE 49cc NEW MODEL

MTR CROSSFIRE 49cc

MTR presents this new children's minicross with updated 2-stroke plastic, beautiful, quality and at an incredible price.

Make your son enjoy this fantastic ktm minicross that you will not find anywhere with these qualities. This air-cooled version with a new, more powerful motor is ideal for parents demanding speed and power, and also for those with limited mechanical knowledge, since the maintenance involved in the water-cooled model completely disappears.

In this model we now assemble all the parts similar to pit bikes, so you don't have spare parts problems, now you can find all the spare parts you need since they are the same as their older pit bike sisters.

This "cucumber" motorcycle mounts inverted forks, which significantly improve the front suspension in the most extreme conditions. In addition, better plastics with a more updated design, accompanied by a nice sticker design. The rear shock absorber is of the highest quality for children's use.

As for the braking equipment, it mounts powerful front and rear hydraulic brakes with high-quality flowered discs.

Now you can enjoy a great minicross for your child without worrying about problems, with all the new elements that we incorporate. The highest quality and with a new engine of up to 12cv air-cooled and automatic, so the little ones only have to worry about giving their new motorcycle gas, easily limited to the speed you want for your child. Easy to handle and light weight makes it ideal for children from 5 years old.

Wheel size 12 front, 10 rear. The exhaust can be served in chrome or black depending on the stock.
