EEC MTR : MTR ENDURO S8 125cc

MTR ENDURO S8 125cc

MTR ENDURO S8 125CC, THE BEST OFF-ROAD OPTION

MTR long ago set out to become a benchmark in road-legal motorcycles, and it couldn't ignore the off-road world, which has brought it so much joy.

This new 125cc, water-cooled S8 is proof of its effort and determination to build a competitive yet high-quality enduro bike for ENDURO riding.

This model is perfect for both weekday commutes around the city at a very low cost and with the joy of a geared bike, and for weekend trips through nature on our ENDURO. The Seville-based brand has managed to innovate with this ENDURO model, achieving a great engine, high-quality finishes, and, above all, excellent suspension for off-road enthusiasts, making it a well-balanced bike for both city and off-road use.

This ENDURO S8 is powered by a 125cc engine with 11.56 hp, which consumes only 2.5 L/100 km, one of the best fuel consumption figures on the market. It boasts numerous quality details such as a metal sump guard, dual radiator, LED lights and turn signals, anodized parts, and a silencer that's both visually and audibly appealing, something other manufacturers would only wish for!

ESPECIFICACIONES POWER Engine Type Zongshen ZY125 Engine, Single Cylinder, 4 stroke, 4 Volves, Water cooled, Double Cam, Balance Shaft Displacement 124ml Max Power 11/9500 kw/r/min 14,75cv Max Torque 11.2/9000 N.m/r/min Compression Ratio 12.4:1 Transmission Mechanical ,Manual,6-speed Gearshift Start Type Electric Fuel Supply EFI Drive Train #520 Chain, FT: 13T/RR: 51T Sprocket Max.Speed?km/h) 100 km/h PERFORMANCE Front Fork ?54*?60-940mm Inverted Hydraulic Dual Adjustable Forks, 300mm Travel Rear Shock 465mm Dual Adjustable Shock with Ballonet, 120mm Travel Front Wheel 7116 Aluminum Rim, Gravity Cast Hub, FT: 1.6 x 21 Rear Wheel 7116 Aluminum Rim, Gravity Cast Hub, RR: 2.15 x 18 Front Tyre 90/90-21 M/C 225 kPa Rear Tyre 120/90-18 M/C 280 kPa Front Brake Dual Piston Caliper, 260mm Disc Rear Brake Single Piston Caliper, 220mm Disc DETAILS Frame Central Tube High Strength Steel Frame Swing-Arm Tube High Strength Steel Swingarm Handle Bar Tapered Aluminum #7075 Overall Size 2280*830*1410mm Packing Size 1845*455*960mm Wheel Base 1520mm Seat Height 920mm Ground
