SEAT : Racing seat crf110 high quality

Racing seat crf110 high quality

Seat with an anti-slip cover and multiple pleats, designed for CRF110 models. It is not compatible with MTR Racer. This is a high-quality seat manufactured by the Spanish brand MTR, made with fabric up to 5 mm thick to ensure excellent strength, durability, and a premium finish. The elastic material on the sides reduces wear in high-stress areas, while the top features anti-slip rubber for improved grip. A high-performance seat that also adds color and style to your pit bike.
