ELECTRIC BICYCLES PARTS : Rear T8F chain sprocket, 44 teeth

Rear T8F chain sprocket, 44 teeth

Rear T8F chain sprocket with 44 teeth, designed to deliver reliable performance on 47 cc and 49 cc bicycles and ATV motorcycles. Made from high-quality steel, it stands out for its excellent resistance to wear and corrosion, ensuring a long service life even under demanding conditions.

This sprocket features a 4-hole design that guarantees a firm and stable installation. Its professional manufacturing and strict quality control provide safe, smooth, and consistent operation. It is an ideal component for mini motorcycles, go-karts, and ATVs, offering high durability, precise fit, and a high level of reliability for everyday use.

Key features:

Rear T8F sprocket with 44 teeth

Made from strong and durable steel

High resistance to wear and corrosion

Stable and safe performance

Wide compatibility with mini bikes, go-karts, and ATVs

Specifications:

Item type: toothless flywheel + rear chain sprocket

Material: steel

Approximate weight: 373 g (13.2 oz)
