Racing clothes : MTR Motocross Gear for children

MTR Motocross Gear for children

Take kids’ motocross to the next level with this complete cross set specially designed for young riders. Built to deliver maximum safety, comfort, and freedom of movement, it allows children to enjoy riding with total confidence.

Made from highly durable 600D Cordura polyester, this set ensures long-lasting performance even in demanding conditions. The breathable micro-mesh interior combined with a soft lining provides excellent ventilation and comfort, making it ideal for training sessions and longer rides.

It features strategically reinforced knees with synthetic leather panels and inner foam padding to help absorb impacts and protect high-exposure areas. The ergonomic design includes stretch fabric at the waist, back, and crotch, allowing natural movement during jumps, turns, and acceleration.

The waistband includes a non-slip grip for better stability, along with a ratchet buckle system that ensures a secure and comfortable fit throughout the ride. It also features a removable rubber pad on the inner thigh for added protection and control.

Available in red, white, orange, and blue. Simply choose the right size and color so your young rider can hit the track with style, protection, and complete freedom.

The set includes:

Pants

Jersey

Gloves
