EEC MTR : MTR ROMA VESPA 125cc NEW MODEL

MTR ROMA VESPA 125cc NEW MODEL

MTR ROMA, THE VESPA OF YOUR DREAMS!!

MTR continues to make a name for itself in the world of registrations and on this occasion he presents us with a red vintage vespa. A new model in great demand for both men and women, to move around the city remembering how our grandparents did on these fantastic VESPAS that went around the world.

The MTR ROMA is a retro-style scooter with which to move around the city in a practical and economical way. Its simple 125cc engine offers good performance on urban journeys with reduced consumption and minimal maintenance.

This SCOOTER mounts a 125cc 8hp engine, which only consumes 2,788 L/100km, one of the best consumption records on the market. It has numerous quality details, a steel starter cover and not the plastic ones from other manufacturers and many more details that will make you opt for our brand.

INSTRUMENTATION:

- analog speedometer
- Total and partial odometer
- Analog fuel level gauge
- Emergency lights
